

AUVORA ECHO

THE ARCHITECTURE OF TIME

BESPOKE BRIEF

INTRODUCTION

Eliminate the Noise. Amplify the Vision.

(S) CURRENT SITUATION

As a business owner, **you do a lot of work**. If your business is at a certain level, you almost **work for the whole day**, if you aren't at that level, someday you will be there.

(TA) TASK WE HAVE & ACTION WE TAKE

What we do is, we take your business online so that you have a certain amount of **income comming directly from the internet**.

(R) SHORT-TERM RESULTS

After getting stable online, you can focus on high-value tasks like scaling your **business**, or pursuing your **passion**.

IMPLEMENTATION

Burn the plan.
Ignite the execution.

(S) CURRENT SITUATION

We need to take your product/service, collectively called as "Product".

(TA) TASKS WE HAVE & ACTIONS WE TAKE

We've built an app that helps you generate **ads** in 30 seconds, we'll build you a website where you can accept **orders**, then in the same app, you can check the **revenue**.

(R) SHORT-TERM RESULTS

With the complete setup, you can **sell your products online** without working the whole day, meanwhile it only costs you a few **minutes**.

YOUR EFFORTS

You Create. ECHO Calculates.

The ECHO ecosystem is designed for the effortless operator. The workflow is seamless, ensuring your focus remains on **growth**, not **maintenance**.

- **Deploy:** Upload product pics and download posts directly from the software.
- **Receive:** Orders are captured by the bespoke website we build for you.
- **Relax:** ECHO calculates the revenue. You simply watch it grow.
